Projects

KrishiHub | Web Development

Feb 2025 – May 2025

- Integrated an AI-powered chatbot to assist farmers with crop queries, farming tips, and instant support using automated responses.
- Built price prediction and rental service modules, enabling farmers to forecast crop prices and rent farming equipment through a streamlined interface.
- Enhanced accessibility to agricultural information and improved decision-making for farmers through a scalable, user-friendly digital solution.
- Repository Link: <https://github.com/iakashverma/krishihub>

Crop price prediction | Data Science

Sep 2024 – Nov 2024

- Developed a machine learning-based prediction system to forecast crop prices using historical market data and data cleaning techniques.
- Applied data preprocessing, feature engineering, and regression algorithms to improve accuracy and reliability of predictions.
- Provided predictive insights through data analysis and visualization to support better planning, transparency, and profit optimization in agricultural markets.
- Repository Link: <https://github.com/iakashverma/crop-price-prediction>

Smart Irrigation | Internet of things

March 2024 – May 2024

- Developed an IoT-based smart irrigation system using soil moisture, temperature, and humidity sensors to monitor real-time field conditions.
- Implemented an automated irrigation mechanism with microcontrollers to supply water only when required, reducing wastage and improving efficiency.
- Enabled remote monitoring and control via cloud/mobile interface, enhancing water conservation, crop health, and overall farm management.
- Repository Link: <https://github.com/iakashverma/From-soil-to-server-smart-irrigation>

Certificates / Certifications

RAFA's Research Paper Presentation

April 2025

LPU

IBM Data Science

Feb 2025

Coursera

Python Basics

Aug 2024

Coursera

Interfacing with Arduino

Jan 2023

Coursera

Skills

Languages: C/C++, Python, PHP

Web Development: HTML, CSS, JavaScript

Tools: Git, GitHub, VS Code, XAMPP, Figma

IoT & Embedded Systems: ESP32, Raspberry Pi, Arduino

Education

Lovely Professional University

Aug 2025 - Present

Master of Computer Applications | CGPA: 7.84

Jalandhar, Punjab

Lovely Professional University

Aug 2022 – May 2025

Bachelor of Computer Applications | CGPA: 7.35

Jalandhar, Punjab

DR. A.K Public School

April 2021 - March 2022

Senior Secondary Education | CBSE | Percentage: 75%

Akbarpur, Uttar Pradesh

Radiant Central Children Academy

April 2019 - March 2020

Secondary Education | CBSE | Percentage: 80%

Jalalpur, Uttar Pradesh
